CONTACT YOUR LEGISLATORS THIS WEEK!!!

INVITE YOUR LEGISLATORS to the WATER’S WORTH IT! Legislative Breakfast

Please contact all of your area state representatives and senators, using the contact instructions provided below. Here is what you can say in an email… to leave a phone message, just read paragraphs 1, 2, and 4:

If you plan on attending the breakfast, let your legislators know that – say you’ll see them there! Also let Elizabeth at NHWPCA know, so that we have enough seats for everyone (email address above).

**Dear Representative/Senator __________,**

My name is ______________. I am a ______________ (chief operator, public works director, engineer, etc.) working in the water quality field. My particular work is with ______________ (drain, stormwater, wastewater, drinking water, biosolids, etc.) at ___________________ (name of organization).

I invite you to attend the WATER’S WORTH IT! Legislative Breakfast

Wednesday March 23rd, 7:00 – 8:30 am

Holiday Inn, 171 North Main Street, Concord

There will be brief presentations about drinking water, storm water, and wastewater issues and the challenges facing our communities in maintaining water infrastructure. And this year the keynote speaker is Hayley LaPoint Meteorologist from WMUR 9 ABC TV!

Why is it important to know all you can about water infrastructure? Because clean water is critical for our communities and businesses! The costs for keeping our water clean and plentiful are rising – even as the investment in our systems has been shrinking. On March 23rd, you’ll learn more about this critical infrastructure from a coalition of 10 water organizations. What can be more important than water?

For our planning, please RSVP today: 603-321-7012 or **NHWPCA.elizabeth@gmail.com**

But, if you decide at the last minute – just show up! Please encourage your colleagues to attend!

Thank you.
