City of Dover Utilities Superintendent:

The City of Dover is seeking an experienced and energetic professional to take on a senior leadership role in the Utilities/Public Works Department.

The Utilities Superintendent performs responsible technical, managerial, administrative and supervisory work in the design, construction, maintenance, and management of the municipal water treatment & distribution systems, sewer collection and pump stations, and related public works projects. This role provides general supervision over personnel of the Pump Station/Wells and Utilities Divisions directly or through subordinate supervisors. They work under the general administrative direction of the Community Services Director. Duties are conducted with considerable independence and discretion. Work is reviewed through reports, conferences and observation of results.

EDUCATION/LICENSURE/CERTIFICATION REQUIREMENTS: Graduation from a college/university with a Bachelor's degree in Civil or Environmental Engineering or a closely-related field, including coursework in civil engineering plus at least ten years progressively responsible experience, including five years in a supervisory capacity; OR licensure as NH Grade III Water Treatment and Distribution Licenses and NH Sewer Collection System Grade III Certification; OR any equivalent combination of education and experience which demonstrates possession of required knowledge, skills and abilities. Must maintain valid driver’s license, but preference is given for valid CDL-B with air brake endorsement.

Salary and Benefits:
Effective 7/14/2020, this position offers a salary of $70,366.40 – $99,673.60 annualized, with a strong benefits package, including health, dental, life, disability, retirement, paid leave time and more.
